

SUCCESS STORY

For Some, Success is Auto-matic!

Workforce and Education Partnerships!

Who: Jonathan

What: Jonathan was connected to NCWorks NEXTGEN when he was a senior at West Caldwell High School.

When: May 2021

Where: A partnership with West Caldwell High School, Caldwell Community College & Technical Institute and Lenoir Automotive.

How: Jonathan had big aspirations to start working on cars, but more importantly, being independent was his ultimate goal. Immediately Jonathan began to work with his NCWorks Career Advisor (Kaela) to align his personal goals with his career aspirations to become an Automotive Technician by enrolling in the Automotive Systems Technology program at CCC&TI.

Best Practices: Fast forward, a couple of semesters into his program, Jonathan decided to take full advantage of the NEXTGEN paid internship program and was placed at Lenoir Automotive to begin working with mechanics in his field of study. A big shoutout goes to Lenoir Automotive for partnering with NCWorks NEXTGEN, and a huge shout out to Jonathan for crushing his goals.

Client Testimonial: As Jonathan stated, it feels good to see success happen!
