

SUCCESS STORY

On The Road to a Better Future!

Soon after being released from incarceration, Jamie came into the Burke County NCWorks Career Center seeking a better future. He was very interested in becoming a Truck Driver. After working with Cynthia, his NCWorks Career Advisor, and through excellent collaboration with his Probation Officer and Transtech, Jamie was approved to begin his training. Through dedication and determination, Jamie completed his CDL training on February 15, 2020. He currently has three opportunities for employment and will make the best decision to continue developing his career.
